Boyd's Directory,

Reading, Pa.

Gentlemen:--

It might interest you to know that we have been advertising now in Boyd's Directories for 27 years successively, starting at first with Boyd's Reading City Directory and eventually advertising in the Boyd's Directories covering other towns because we found that the results warranted our action.

We find that your Directories are in constant use and therefore keep our advertisement constantly before the eyes of the public and we know of no cheaper and proportionally more effective general advertising than in your Directories and for this reason we are glad to again renew our advertising with you. Many a well pleased customer has told us that he was directed to us by seeing our advertisement in your Directories and was glad of it.

As a matter of fact, as your Directories grow with the population so their value as advertising mediums grow, therefore we intend to stay with you in the future as in the past.

We also wish to compliment you on the thoroughness of your work and the courteous treatment you have always accorded us and we choose to hand you this "bouquet" while you are living because you deserve it.

Wishing you continued success, we are,

Sincerely yours,

THE WM. F. REMPPIS COMPANY.

President.

Parcel Post Information

PARCEL POST OR FOURTH-CLASS MAIL

Fourth-class matter embraces that known as domestic parcel post mail, and includes merchandise, farm and factory products, seeds, cuttings, bulbs, roots, scions, and plants, books (including catalogs), miscellaneous printed matter weighing more than 4 pounds, and all other mailable matter not embraced in the first, second and third classes

Extent and Usefulness of Parcel Post—The domestic parcel post offers a convenient, quick, and efficient means of transporting mailable parcels to any post office in the United States or its possessions. The service reaches more places than any other transportation agency. It brings producers and consumers into closer contact thus opening the way to reducing the high cost of living. Special treatment and advantages are accorded to shipments of farm products weighing between 20 and 50 pounds.

C. M. KEIM'S **ART AND GIFT STORE** 117 W. Market

Low postage rates, based on the service rendered, are provided. The rates to nearby zones are particularly advantageous. Parcels may be insured against loss and may be sent C. O. D., and as special-delivery matter

Rates of Postage on Fourth-Class or Parcel Post Matter—To Be Fully Prepaid—Unsealed—are as follows:

(a) Parcels weighing 4 ounces or less, except books, seeds, plants, etc., 1 cent for each ounce or fraction thereof, any distance

(b) Parcels weighing 8 ounces or less containing books, seeds, cuttings, bulbs, roots, scions, and plants, 1 cent for each 2 ounces or fraction thereof, regardless of distance

(c) Parcels weighing more than 8 ounces containing books, seeds, plants, etc., parcels of miscellaneous printed matter weighing more than 4 pounds, and all other parcels of fourth-class matter weighing more than 4 ounces are chargeable, according to distance or zone, at the pound rates shown in the following table, a fraction of a pound being considered a full pound:

Zones—Parcel Post Guide and Maps.—For parcel post purposes the United States is divided into units of area thirty minutes square. Such units form the basis of the eight postal zones. To ascertain in which zone a post office is located from the office of mailing, a parcel post guide, costing 55 cents, and map, costing 20 cents, are jointly used. The guide applies to all offices, but a separate map is required for each unit. A zone key is furnished with the guide for use in the units of area in which some of the largest post offices are located and makes the map for those units unnecessary. The guide and maps may be purchased by sending a money order to the Third Assistant Postmaster General, Washington, D. C. Stamps are not accepted.

Further information may be obtained at any post office.
